Introduction

Mercia Primary Academy Trust's Board of Directors/Trustees is accountable in law for all decisions regarding the Trust. However, this does not mean that the Board of Directors/Trustees are required to make all of the decisions itself. Subject to some restrictions, the Trust can decide to delegate decisions to its CEO, Executive Headteacher/s/s, Headteacher/s/s, Governing Bodies, its committees and individual personnel within the Trust. The Trust's decision to delegate a function is made by the Board of Directors.

The purpose of the Scheme of Delegation

A scheme of delegation is the key document defining which functions have been delegated and to whom. It should be a simple yet systematic way of ensuring Members, Directors/Trustees, Governing Bodies, committees and individuals are clear about who has responsibility for making which decisions in the Trust. This scheme of delegation covers all decision-making in the Trust along with the delegation of financial powers, referred to in the Academy Trust Handbook. Deciding what to retain at Director/Trustee level and what to delegate varies from Trust to Trust. This is why the Trust is required to agree a scheme of delegation that explicitly establishes who makes which decisions, and ensures this is clear to all. A detailed yet clear scheme of delegation should help prevent confusion from arising before any misunderstanding arises which has the propensity to lead to a loss of trust and damaged working relationships.

Format, structure and clarity

The grid format, with columns for each layer of governance, should enable stakeholders to quickly determine who has the power to make which decisions within the Trust. The grid is divided into 6 key areas to reflect both the governance framework and the 3 Core Functions of the Governing Board, as defined by the DFE in the Governance Handbook:

The governance framework:

- Strategic Leadership
- Accountability
- People
- Structures
- Compliance
- Evaluation

The 3 Core Functions:

- | | |
|--------------------------------------|---|
| 1. Being strategic | Ensuring clarity of vision, ethos and strategic direction |
| 2. Holding to account | Holding executive leaders to account for the educational performance of the Trust and its pupils, and the effective and efficient performance management of staff |
| 3. Ensuring financial probity | Overseeing the financial performance of the Trust and making sure its money is well spent |

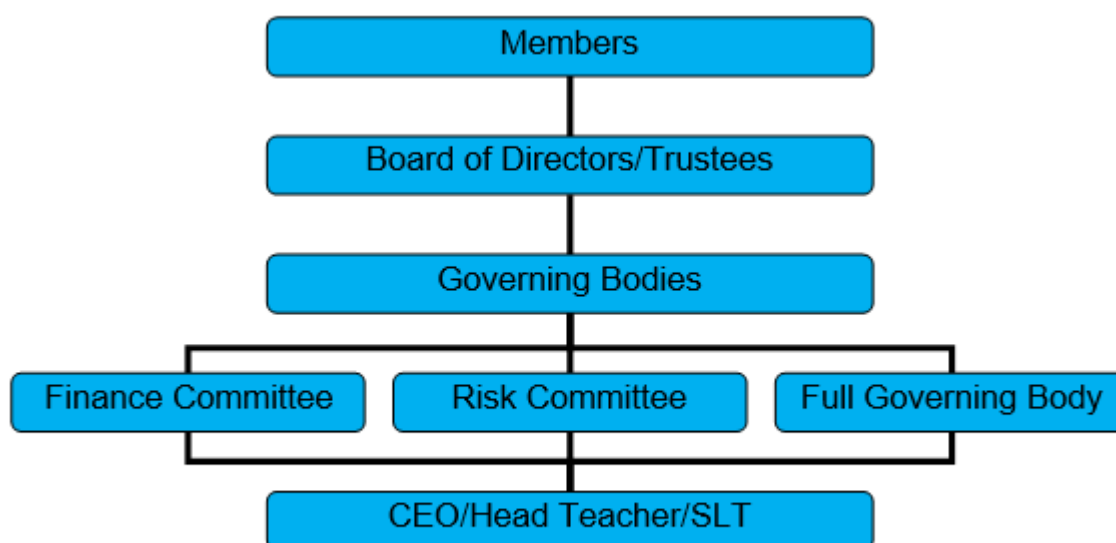

The scheme of delegation is intended to be a working document, which the Trust can revise and adapt as needed.

If effective the scheme of delegation will:

- Ensure the school leadership is clear about which decisions the Board of Directors/Trustees retains
- Ensure that the role of the Headteacher/s/s is fully understood
- Promote a culture of honesty and accountability
- Identify responsibility for the appointment and performance management of the Headteacher/s/s

Scheme of Delegation

- Identify responsibility for policy and practice throughout the Trust
- Identify responsibility for oversight of the academy's budget
- Identify responsibility for assessment of risk throughout the Trust
- Identify responsibility for oversight of educational performance throughout the Trust

Governance structure and lines of accountability

The Board of Directors/Trustees delegates the responsibility for the day-to-day running of the academy to the CEO/Headteacher/s. The Board of Directors/Trustees holds the CEO to account for the overall Trusts performance. The CEO holds the central SLT team to account for their performance. The Governing Body holds the individual Headteacher/s to account for their Academy's performance. The Headteacher/s in turn holds other members of the SLT to account by line managing them. While the Board of Directors/Trustees cannot ever delegate accountability, it can delegate some of the detailed scrutiny, oversight and decision making.

The CEO/Headteacher/s reports to the Board of Directors/Trustees or Governing Body on the performance of the Trust or individual Academy. Reporting is supplemented by the monitoring undertaken by the Trust's Committees.

Roles and responsibilities

The role of the Members

The Members of Mercia Primary Academy Trust have a different status to its Trustees. Originally they were the signatories to the Memorandum of Association and agreed the Trust's first Articles of Association (a document which outlines the governance structure and how the Trust will operate). The Articles of Association also describe how Members are recruited and replaced, and how many of the Director/Trustees the Members can appoint to the Board of Directors/Trustees. The Members appoint Directors/Trustees to ensure that the Trust's charitable object is carried out and so must be able to remove Trustees if they fail to fulfil this responsibility. Accordingly, the Board of Directors/Trustees submits an annual report on the performance of the Trust to the Members.

The role of the Trustees

Mercia Primary Academy Trust is a charitable company and so Directors/Trustees are both charity Trustees (within the terms of section 177(1) of the Charities Act 2011) and company Directors. Because Directors/Trustees are bound by both charity and company law, the terms 'Trustees' and 'Directors' are often used interchangeably, along with 'Governors'.

Scheme of Delegation

The Board of Trustees is responsible for:

- The general control and management of the administration of the Trust; and
- In accordance with the provisions set out in the memorandum and Articles of Association and the Trust's funding agreement, is legally responsible and accountable for all statutory functions, for the performance of the Trust, and
- Must approve a written scheme of delegation of financial powers that maintains robust internal control arrangements

In addition, the Board of Directors/Trustees and/or Governing Bodies must carry out 3 core governance functions:

- Ensure clarity of vision, ethos and strategic direction
- Hold the CEO/Headteacher/s to account for the educational performance of the Trust/Academy and their pupils, and the performance management of staff
- Oversee the financial performance of the Trust and make sure its money is well spent

The Board of Trustees has the right to review and adapt its governance structure at any time which includes removing delegation.

The role of the Governing Bodies and its Committees

Governing Bodies and their Committees have been established to carry out some of the Trust's governance functions which include making decisions. The Academies' Financial Handbook makes clear that the Governing Body '*should have a finance committee to which the Board of Directors/Trustees delegates financial scrutiny and oversight*'. The Finance & General Purposes Committee has been established to meet that requirement.

The role of the CEO/Headteacher/s

The CEO has the delegated responsibility for the operation of the Trust as a whole and supports the Headteacher/s who has the delegated responsibility for the operation of their individual Academy.

The CEO is the Accounting Officer so has overall responsibility for the operation of the Trust's financial responsibilities and must ensure that the organisation is run with financial effectiveness and stability; avoiding waste and securing value for money.

The CEO/Headteacher/s leads the senior leadership team (SLT) of the Trust. The CEO/Headteacher/s will delegate management functions to the SLT and is accountable to the Board of Directors/Trustees for the performance of the SLT.

Advice and support may be given by CEO/Headteacher/s when trusts policies are being determined.
